Delicious Indian Recipes for Every Day and Season

Asma Khan

Master the culinary art of flavour with internationally renowned chef and author Asma Khan

THE PITCH

- **AUTHOR PLATFORM:** Khan was the first British chef to appear on Netflix's Chefs' Table, the first chef to be featured on Vogue's list of 25 most influential women, and appeared on Time100 List in 2024
- **AWARD-WINNING AUTHOR:** Asma's Indian Kitchen and Ammu won awards for best UK cookbooks, Indian Cooking World Gourmand Cookbook Awards 2018, and the Times Book of the Year 2022 respectively
- **MUCH-LOVED RECIPES:** Khan's recipes have been enjoyed across the world and in her award-winning restaurant Darjeeling Express
- **SENSATIONAL SPICES:** Flavour is a trending subject and Khan brings her heritage and expert knowledge to the topic exploring the six unique flavours of Indian cuisine

THE BOOK

"The soul of my cooking is the symphonic layering of vibrant flavours that work together like instruments in an orchestra." – Asma Khan

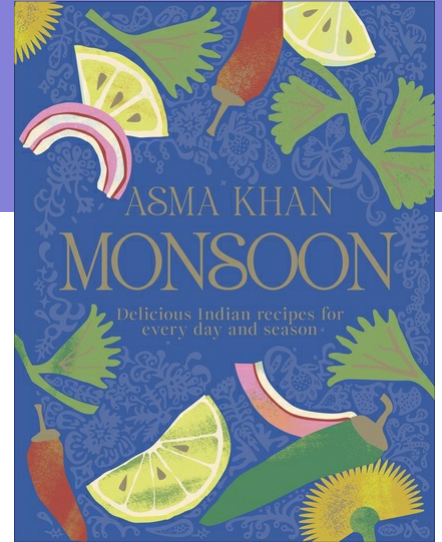

Internationally renowned chef and award-winning author Asma Khan returns with a masterclass on building flavour in your cooking through the intuitive principles of Indian cookery.

Structured around the six core ayurvedic tastes, namely: Tangy, Bitter, Hot, Sweet, Sour, and Salty and how they correlate to the six seasons in Bengal, this book aims to illuminate Indian cookery by giving you the foundations you need to build balanced flavours, dishes and sumptuous feasts.

With core techniques including roasting, grinding and tempering spices, how to cook with ghee, chillies, and onions, and what to add and when to re-balance flavours in a dish, Asma will empower homecooks to apply fundamental processes intuitively to their cooking. Including 80 flavourful recipes for Chicken Cooked in Pickling Spices and Slow-cooked Lamb with Vinegar, to the more veg-forward Pumpkin Dal, and Rice Pulao with Oranges, this book seeks to honour traditional cooking techniques and ayurvedic principles, and ground them in the modern kitchen.

THE AUTHOR

Low Waste Kitchen

Radical Recipes for Sustainable Living

Alessandro Vitale

100 sustainable, plant-based recipes for your kitchen and home, from urban gardener, forager and cook, **Spicy Moustache**

THE PITCH

- **HUGE INFLUENCE:** With an audience of over 10M, @SpicyMoustache's videos encompass plant-based recipes and household remedies, appealing to anyone passionate about sustainable living
- **BEYOND THE ALLOTMENT:** After the success of his first book *Rebel Gardening*, Alessandro is branching out into plant-based cooking – with recipes for nutritious meals, zero-waste snacks, plus household remedies
- **ENVIRONMENTAL ACTION:** Against the backdrop of rising global food waste, insecurity, and hunger, these recipes offer a small-scale solution for climate conscious individuals
- **MONEY-SAVING:** Alessandro's thrifty, waste-saving tips help you get the most from your pantry and your weekly shop go further

THE BOOK

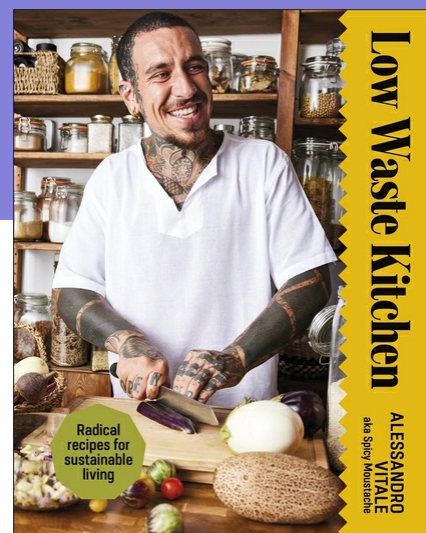

Welcome to **Alessandro Vitale a.k.a SpicyMoustache's** world, where he's on a determined mission to reduce waste in your kitchen

Everyone wants to live more sustainably, but it's hard to know where to start. With all those small steps towards zero-waste will come to light. Through 100 step-by-step low-waste recipes, Alessandro Vitale (Spicy Moustache) shows that everyone can make small changes for a big environmental impact.

Driven by a desire for a more sustainable world, Alessandro's success has been his plant-based 60 second videos on maximizing flavour and making the most of different fruit and vegetables. Now, Spicy brings his straightforward approach to the page, with ingredient-led, step-by-step, low- and zero-waste recipes for delicious plant-based meals and snacks, along with a handful of household remedies, cosmetics, and useful tips on food storage, shopping, and more – everything you need to reduce waste in your kitchen and home.

THE AUTHOR

Alessandro Vitale (@_SpicyMoustache_) has captivated a vast, growing audience with fast-paced, easy-to-follow and low-waste videos (4.6M Instagram, 2.7M TikTok). Originally making handmade shoes in his native Italy, Alessandro has always connected to the land and food growing. He then moved to London in 2016 establishing himself as an urban gardener. His first book, *Rebel Gardening*, (Watkins, April 2023), focuses on urban growing, but Alessandro's audience is crying out for a SpicyMoustache recipe book (he gets at least 100 mentions a day on Instagram). He has appeared on *Gardener's World* and *Gardener's Question Time*, and collaborates with influencers and sustainability experts (including the likes of Owen Han and DK authors Charles Dowding and Ben Newell) on Instagram.

Grow Your Groceries

40 Ways to Grow-Your-Own Plants from Your Supermarket Shop

Simon Akeroyd

Plant-growing ideas and tricks from a leading gardening TikToker

THE PITCH

- **TIKTOK AUDIENCE:** Simon Akeroyd creates content for non-gardeners focusing on produce you can buy from a supermarket and has more than 688K followers
- **GEN Z APPEAL:** Younger people are more likely to consider their conscious eating options, especially where food comes from, and are more concerned about sustainability and the climate
- **TRUSTED AUTHOR:** Simon Akeroyd is an experienced gardener, author of more than 30 books (many with the RHS) and all round plant expert
- **GIFT FOR BEGINNERS:** The novelty of producing new plants from grocery-bought ingredients is a fun way to get non-gardeners hooked on growing their own

THE BOOK

Hacks on how to grow plants from your supermarket shop.

Have you ever wondered if you could grow plants from the food you buy? Could you do something with those leftover apple pips? What about growing your own kiwi plant? And what if you could make more plants from the herb sprigs you buy?

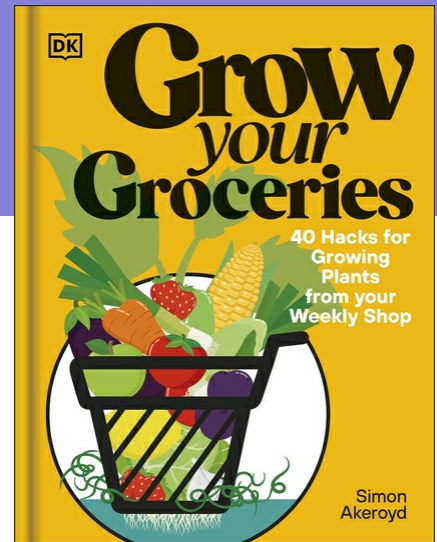

This simple, fun and easy-to-follow approach shares the best 40 hacks to help you save money and grow plants. It encourages everyone to give growing a go without having to buy an actual plant! Ideal for anyone with just a windowsill or a few containers, use the tips and tricks to get long-term plants from your short-term shop.

From food growing ideas (like saving seeds from raspberries and growing them on) to simple plant care ideas (such as how to water plants when you're on holiday), this exciting and addictive approach to growing food and plants will help you get so much more from your weekly shop.

THE AUTHOR

Simon Akeroyd is a gardener and skilled horticulturist who has written 30 gardening books, many for the RHS and two for DK (Shrubs and Small Trees 2008 and Lawns and Groundcover 2012). He's based in Surrey where he is gardening editor for Saga; prior to that he has worked at RHS gardens and for the National Trust.

In 2022 he started a TikTok account dedicated to non-gardeners. His aim was to show just how easy — and fun — growing plants can be and that it's always worth a go. He's had huge engagement since, with his 'Grow kiwis from the supermarket' video receiving more than 31 million views.

For the Love of Plants

Over 150 Plants to Bring Joy to Your Garden and Your Life

Adam Frost

Walk through Adam's garden as he shares his love for over 150 plants and how to grow them

THE PITCH

- **WHAT PLANTS WHERE AND WHY:** On a tour through his garden, expert plantsman Adam Frost explains why each plant works in its place
- **DESIGNING ATMOSPHERE:** Instead of a focus on solely aesthetics, atmosphere is as important. Adam shares how he uses music and "moments" to design different spaces
- **PLANT PROFILES WITH PERSONALITY:** Via more than 150 plant profiles, find out growing information such as aspect, soil, height and spread, plus stories for each
- **A STRONG MESSAGE:** Research links plants and gardening to improved health – read about the role plants play in Adam's life

THE BOOK

Take a wander through Adam's garden as he reflects on the plants that have shaped his life.

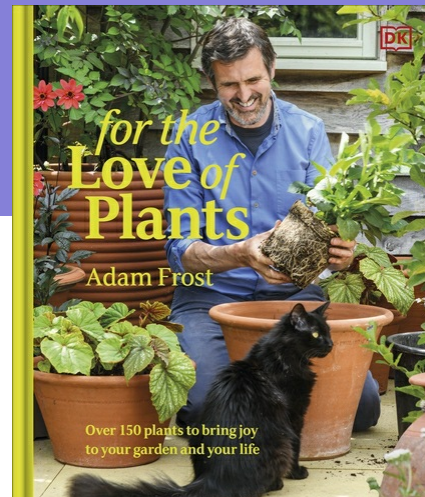

The scents of the rosemary and thyme lining the garden path instantly welcome you to what follows: a wildflower meadow, an ornamental kitchen garden, a shady courtyard, terrace and borders, gravel garden, and woodland walk, taking you on a tour through Adam's garden.

As you go, Adam explains his design and planting choices, drawing on personal feeling and memories as well as years of experience.

Plant profiles provide inspiration for your own planting dreams, interspersed with practical know-how on plant care and design ideas to help you create flow and moments of pause using pathways, arches, water features, and pots.

THE AUTHOR

Adam Frost has won seven gold medals at RHS Chelsea Flower Show; is a television presenter for *Gardeners' World*; an RHS Ambassador; he established the Homebase Garden Academy; and has designed a garden for the NHS. Adam recognises plants and gardening improve his life, and his honest, no-nonsense approach to his wellbeing and male mental health are discussed in his tours. He has written about the link between health and gardening in *Gardeners' World* magazine.

The Greenhouse Book

Make the Most of Your Greenhouse Throughout the Year

Tom Brown

Dive into a fully illustrated, year-round guide to getting the most from your greenhouse

THE PITCH

- **ULTIMATE CONTENT:** Comprehensive imagery, informative text, and attractive packaging will make this book the category-killer
- **DECISION MAKING:** The book will include all factors when purchasing a new greenhouse – Which? website outlines some to consider
- **COMPREHENSIVE APPROACH:** No other greenhouse book is as thorough in its approach and material covered
- **SECOND IN FORMAT:** Like The Raised Bed Book, it will be the ultimate in topic: core DK content with a modern, user-friendly design

THE BOOK

The ultimate guide to gardening under glass.

Thinking of buying a greenhouse but aren't sure what to grow in it, or how? Or maybe you've inherited a garden with a greenhouse, but haven't got a clue what to do with it? Whatever your journey to growing under glass, this book gives a clear, inspiring, and brilliantly illustrated approach to all things greenhouse.

A protected growing environment provides shelter and warmth to a broad range of tender plants, both edible and ornamental, and can open up a fascinating new world of gardening. Starting plants off early under glass also enables you to extend the growing season, providing additional weeks and months of home-grown, sustainable produce to enjoy and flowers to admire.

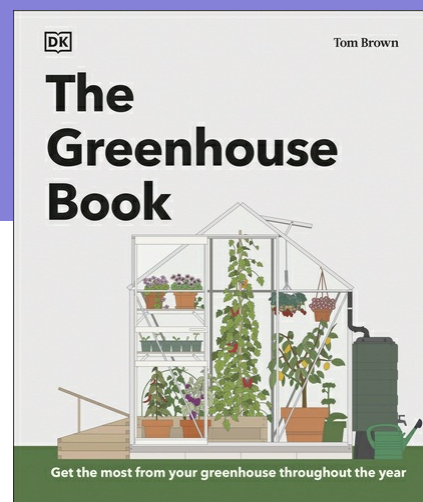

From initial planning considerations and ongoing maintenance, to all the exciting and unusual plants that can be grown; from overwintering exotics, to hardening off seedlings and protecting summer crops against pests and diseases, there is a wealth of information to be shared. And you don't need a large garden: with a patio greenhouse, cold frame, and cloches, anyone with outside space can enjoy growing under glass.

THE AUTHOR

Tom Brown is Head Gardener at West Dean Gardens in Sussex, a site of 100 acres of arboretum, formal grounds, a walled garden and 13 large Victorian glasshouses.

He writes for The Daily Telegraph gardening supplement and Gardeners' World and Gardens Illustrated magazines. He has received two awards from the Garden Media Guild: in 2021 Journalist of the Year and in 2019 the Alan Titchmarsh New Talent Award.

Tom is also an RHS show judge at the Chelsea Flower Show.

Wildflowers

Discover the Science and Secrets Behind the World of Wildflowers

Dr Chris Thorogood

A beautiful and authoritative book on the world of wildflowers, uncovering the fascinating stories behind around 300 species globally

THE PITCH

- **EXPERT AUTHOR:** Dr Chris Thorogood is an expert in botany and experienced in communicating scientific ideas to the public
- **ENVIRONMENTAL NECESSITY:** Explores how planting wildflowers combats climate change and biodiversity loss, as they store carbon and provide habitats for pollinators (National Geographic, 2021)
- **ENGAGING ILLUSTRATIONS:** Featuring beautiful, detailed illustrations of wildflowers from around the world for species identification, from Dan Crisp and Stuart Jackson-Carter
- **APPEALS TO WILD GARDENERS:** Rewilding has boomed in popularity in recent years, in both private plots and public spaces (Guardian, 2022)

THE BOOK

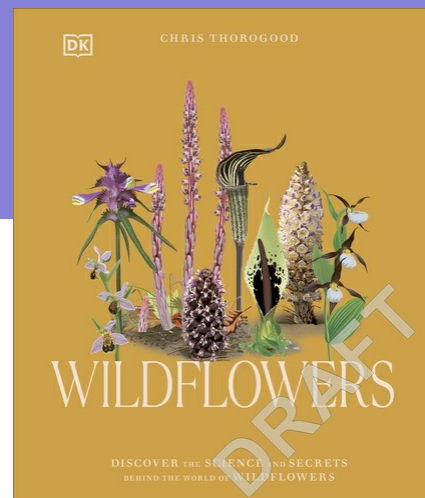

Discover the fascinating stories behind around 300 species of wildflowers, and marvel at a botanical beauty and diversity you never knew existed.

Did you know that orchids existed alongside dinosaurs? And that 30,000 plant species are used as medicine worldwide? In this stunning book, leading botanist Chris Thorogood brings you closer to 300 species of wildflower through fascinating facts, plant profiles, and detailed illustrations. More than just meadows, discover wildflowers that are pollinated by birds, that look like stones, and that feed on the creatures around them.

Humans have had a close relationship with wildflowers throughout history from growing dahlias as crops and comfrey as medicine, to carrying posies to ward off the plague and roses down the aisle. Bringing together natural history, culture, food, medicine and technology, this fascinating book will open your eyes to the botanical wonders all around us. With a guide to the wildflowers growing in every habitat, identification notes, a grow-your-own guide and more, this is the ultimate flower-lover's companion.

THE AUTHOR

Dr Chris Thorogood is a botanist at the University of Oxford, and an illustrator and public speaker. Chris's research areas include the evolution of parasitic and carnivorous plants and taxonomic diversity in biodiversity hotspots, such as the Mediterranean Basin. Chris won a scholarship in 2005 to carry out his PhD research on speciation in parasitic plants at the University of Bristol, for which he was awarded a Faculty Commendation, and the national Irene Manton Prize for best thesis in botany in 2009. Chris is a Fellow of the Linnean Society of London and a Junior Research Fellow of Linacre College, Oxford.

How to Stay Sane in a House Share

Alice Wilkinson

Keeping it together when you're still living together – the ultimate house-sharing handbook

THE PITCH

- **STRONG AND PRESSING NEED:** The private rental sector makes up 4.5 million households in the UK and has increased by 4.6% in 2023
- **STRONG NETWORK:** Features Editor at The Telegraph with a weekly newsletter which has a large millennial readership and a corresponding podcast in production
- **EXPERT AND REAL-LIFE INSIGHTS:** Features first-hand interviews with Prof. Robin Dunbar, 'Millennial Therapist' Dr Sara Kubric' and more and compelling case studies
- **PRACTICAL HOW-TO:** Accessible advice for millennial house-shares everywhere, from choosing a housemate to handling conflict, mental health, dating and more

THE BOOK

'A love letter to home and friendship' - Kieran Yates

'An essential guide to modern living' - Daisy Buchanan

'This is a comprehensive, thoughtful guide that provides much-needed practical advice but crucially a vital sense of optimism. A timely helping hand!' - Yomi Adegoke

How do you keep it together when you're living together?

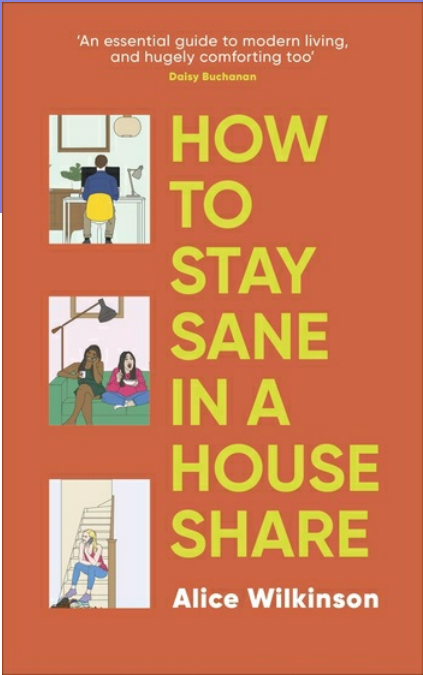

If you've found yourself asking this question (returning home from a day of winning in the workplace only to realise you've lost the fight for your own living room — again) then it's likely that you're one of the millions of people living in a house share in the UK, US and beyond.

Between marriage rates dwindling and the cost-of-living soaring, house sharing is becoming more and more common – but that doesn't stop it being one of the most complex living set-ups of the 21st century. Thankfully, journalist and serial house sharer, Alice Wilkinson is here to help you stay sane when you're feeling stuck.

This is the friendly and informed guide to house sharing you have been waiting for. From how to choose the right housemate to navigating conflict when it (inevitably) arises, Alice draws on interviews with experts such as Professor Dunbar, 'The Millennial Therapist' Sara Kuburic and more to explore the anxieties that run the lives of young professionals living in house shares to help create a more harmonious home.

THE AUTHOR

Alice Wilkinson is a writer, editor and journalist at The Telegraph. A previous editor of Waitrose Health, her writing has featured in many national newspapers and magazines. In 2019 Alice was shortlisted for the Professional Publishers Award (PPA) for Writer of the Year. The following year, she was selected as one of the PPA's 30 Under 30. In 2022, she was shortlisted for the British Society of

Magazine Editor's New Editor of The Year. Today, Alice writes a Substack newsletter titled '*Addressing*' where she explores house sharing, home and belonging.

QUOTES

'Kind, wise and genuinely useful - this book is an essential guide to modern living, and hugely comforting too.' Daisy Buchanan

'A brilliantly researched and compelling read. It tackles an area of relationships that has so far been overlooked and combines deep psychological thinking with practical advice and takeaways. I was never a fan of houseshares and now I know why, but I also understand myself and others much better in a myriad ways that will help me in all areas of life in future.' Emma Reed Turrell

'A brilliant look at modern womanhood through the relatable, Big Roasting Tin, bath mat, broken boiler lens of house shares.' Nell Frizzell

'A deeply insightful, practical and sensitive exploration of the housing crisis and what it means to live in a house share today. Alice has crafted this book from a place of personal experience, backed up by research and science, the resulting book should be required reading for all house sharers.' Rosie Kellett

- **RISING INTEREST IN MENOPAUSE:** Currently at an all time high – searches for information about hormone replacement therapy (HRT) have tripled since 2018
- **WELL-CONNECTED AUTHOR:** Featuring endorsements from prominent voices including women’s health expert Liz Earle and TV presenter Andrea McLean

THE BOOK

With significant female figures breaking down taboos around menopause and opening up the discussion, women are in a stronger position than ever before to insist on a better midlife experience – a real cause for celebration. But while these discussions around menopause are brilliant and empowering, it’s vital that we don’t let the conversation stop there. Because midlife for women is a multifaceted experience, one in which our changing bodies and minds play an enormous part, but that’s far from the only thing going on.

MIDLIFE MATTERS is an all-encompassing guide for midlife women, exploring the key areas of **HEALTH, WELLBEING, NUTRITION, BEAUTY, SEX & RELATIONSHIPS, WORK LIFE,** and **FINANCES** with warmth and honesty. In this much-needed book, menopause campaigner and founder of the award-winning platform for midlife women, The Latte Lounge, brings together renowned experts to inform and empower you through every step of your midlife journey.

With comprehensive advice from leading doctors, psychologists, dermatologists, dieticians, athletes, journalists, lawyers and more, this midlife manual will help you to make your middle years the best ones yet.

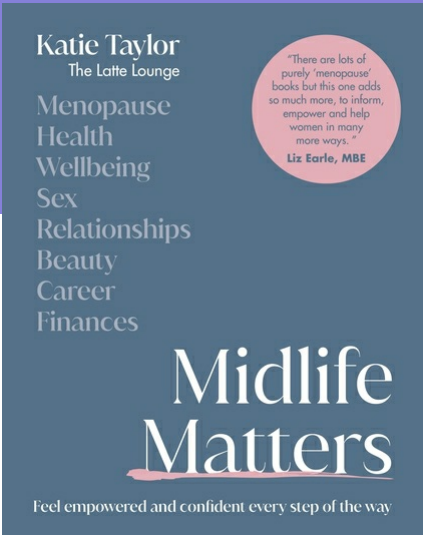

THE AUTHOR

Katie Taylor is a leading voice in the nationwide conversation around midlife and menopause. Motivated by her own debilitating experience of perimenopause and years of misdiagnosis, Katie founded her multi-award-winning platform The Latte Lounge, to provide support for all women’s perimenopause, menopause, health and wellbeing needs. As well as appearing regularly on national media, Katie runs workshops to help increase awareness of menopause in the workplace and to ensure midlife women get the support they need.

QUOTES

“This book is like having every midlife expert in the palm of your hand - it has everything you could possibly need.” *Andrea McLean, Andrea McLean*

‘Katie is one of the original pioneers of the menopause movement. She has worked tirelessly over the last decade to support, educate and raise awareness of women’s health issues. This book is a wealth of information and inspiration

With week-by-week, full-body strength-based workouts, accompanied by 60 recipes developed with a registered dietitian specializing in women's health, Fit at 50 will help you get stronger, fitter, and healthier in just six weeks. Caroline's 360-degree programme will help you establish your fitness goals, progressively build up to longer workouts, and continue your fitness for decades to come.

Caroline Idiens is a woman on a mission – a mission to show you that midlife can be the best time in a woman's life. She has already helped thousands of women transform their fitness, confidence, and mid(life), with her global online members programme Caroline's Circuits, and with Fit at 50 she can help you do the same.

THE AUTHOR

Caroline Idiens is a 52-year-old mum of two and personal trainer from Berkshire who has taken the world of online fitness by storm – or, more specifically, by dumbbells and strength training. Caroline spent her 20s thinking that enjoying exercise meant high-intensity cardio workouts and long hours in the gym, but at 29 years old she trained as a PT, and gone were the hours of running on a treadmill, replaced instead by strength training and the positive effects it has. When lockdown hit, Caroline decided to share the benefits of women's strength training and the Caroline's Circuits community was born. Caroline's Circuits is an international online members program that focuses on 30-minute strength workouts from the comfort of your own home and is supported by 1.9M followers on Instagram @carolinescircuits. Caroline and her community have been featured in *Marie Claire*, *Women's Fitness*, *Women's Health*, *The Telegraph*, *HELLO!*, *The Sun*, *Goodhousekeeping* and many more. Dinosaur Club Collection Two

Contains 4 Action-Packed Adventures

Rex Stone

Travel back to the world of the dinosaurs! Children will be inspired to discover the prehistoric world with this collection of stories for 5 to 7 year olds

THE PITCH

- **LONG-LASTING GIFT PURCHASE:** A sturdy slipcase containing four exciting adventure books from The Dinosaur Club series. Ideal as a gift for children, and for schools and libraries
- **HIGH-PEDIGREE CREATIVE TEAM:** DK has partnered with Working Partners, creators of *Beast Quest*, that's sold more than 18 million copies worldwide to date, to produce this exciting series (Source: Working Partners)
- **PACKED WITH DINO FACTS:** Introduces nonfiction to children who prefer stories. Packed with facts, reviewed by leading palaeontologist – so educational and fun. References also included, to extend kids' interest
- **EVERGREEN SUBJECT MATTER:** Dinosaurs is a subject that's almost universally beloved by kids, making the Dinosaur Club books highly collectible

THE BOOK

Travel back in time to the world of the dinosaurs in this exciting four-book box set of dinosaur-themed prehistoric fiction for children.

Jamie has just moved to Ammonite Bay, a stretch of coastline famous for its fossils. Jamie is a member of the Dinosaur Club – a network of kids around the world who love dinosaurs.

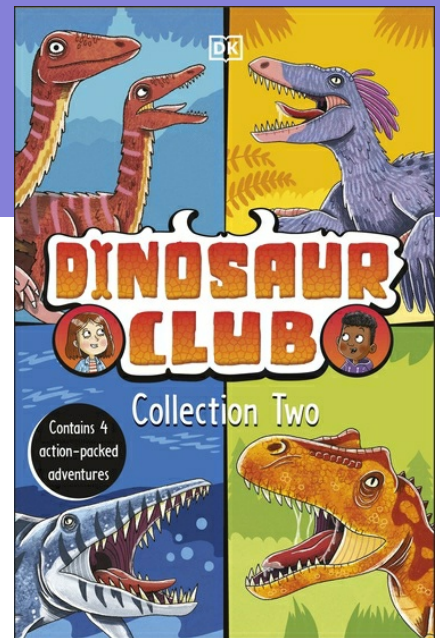

Jamie is exploring Ammonite Bay when he meets Tess. Tess is a member of Dinosaur Club who lives in Ammonite Bay too. She shows Jamie a secret cave with fossils all over the walls. But what's that strange tunnel at the back? They go through the tunnel and they discover some dinosaur footprints. Jamie and Tess walk along them...and the two new friends find themselves back in the time of the dinosaurs! It's amazing, but dangerous too – they'll definitely need help from Dinosaur Club...

The second four books in the series are included in this collection: The Compsognathus Chase, Catching the Velociraptor, Escaping the Liopleurodon, and Avoiding the Allosaurus. Each story is fast-paced, fun, and full of facts. Along the way, Jamie and Tess encounter all kinds of amazing dinosaurs.

At the end of each book is a reference section with a summary of all the facts and discoveries made throughout the story. With fun illustrations, quizzes, and a vocabulary list at the back of each book, their educational value is outstanding – and they are great for a classroom read, too!

The Green Kingdom

Cornelia Funke and Tammi Hartung

Caspia discovers riddles hidden in old letters, leading her to wonderful new friendships in the city of Brooklyn

THE PITCH

- **SALES HISTORY:** Cornelia's books have been published in 53 languages and have sold well over 22 million copies worldwide (andrewnumberg.com)
- **INFLUENCE:** Cornelia Funke, author of *INKHEART*, was chosen by Time as one of the 100 most influential people in the world (2005)
- **GENRE:** Unusually for Cornelia, *THE GREEN KINGDOM* is a contemporary novel about nature and friendship, and not a fantasy
- **GERMAN PUBLICATION:** *THE GREEN KINGDOM* has already sold 25,000 copies in Germany and spent 5 months in the Der Spiegel Top Ten (andrewnumberg.com)

THE BOOK

Caspia's summer is transformed when she discovers a bundle of letters containing ten botanical riddles in this enchanting adventure.

Twelve-year-old Caspia hates big cities, especially one as busy as New York. So she isn't thrilled by the news that her parents are taking her to stay in Brooklyn. But everything changes when Caspia discovers a bundle of letters, hidden in an old chest of drawers. Each letter contains a 'green' riddle, with clues leading to a different plant.

Caspia sets out to solve the riddles and, as she does, she meets friends she could never have imagined and discovers that anywhere can feel like home, if you are just brave enough to put down new roots. The newest adventure from renowned and award winning author of *Inkheart* and *Dragon Rider*, Cornelia Funke weaves magic into every sentence of this new and exciting mystery set in the heart of New York City. *The Green Kingdom* is perfect for fans of the Greenwild series.

"Enchanting, joyful, full of light and warmth, and glittering with real-world magic." Sophie Anderson

THE AUTHOR

Author of the New York Times bestselling *Inkheart* series, **Cornelia Funke** has been published in 53 languages and her books have sold over 22 million copies worldwide. Cornelia lives in Tuscany, Italy, and her farm provides a retreat for creatives to collaborate in surprising and amazing ways.

Tammi Hartung is an Ethnobotanical Herbalist and co-authored alongside Cornelia, providing integral details and knowledge about the leafy citizens of *The Green Kingdom*. Tammi has more than 40 years experience working with plants, and has published four other books using her botanical expertise.

Astrophysics for Supervillains 2 The Great Alien Hunt

Dr Matthew Bothwell

Based on real (and morbid) questions from children, expert author Dr Matt Bothwell has created a Supervillain Academy to teach astrophysics to middle graders.

THE PITCH

- **EXPERT AUTHOR AND SPEAKER:** Dr Matt Bothwell has spoken at the Royal Institution, New Scientist, the Royal Astronomical Society, and the British Astronomical Association
- **HUMOROUS ORIGINAL ILLUSTRATIONS:** Black and white line illustrations bring humour and style and help illustrate scientific concepts
- **BIG TOPIC SIMPLY EXPLAINED:** Thanks to Matt's background as a science communicator to the public, his Supervillain Academy makes the world of astrophysics accessible and fun
- **LINKED TO NATIONAL CURRICULUM:** Chapters are linked to topics that children are studying at school as part of the science syllabus

THE BOOK

"How do you travel in style across the galaxy?"

"What do aliens really look like?"

"What is the Fermi paradox and why should we care about it?"

Discover the answers to these questions and many more at the Supervillain Academy: the magnificently morbid school for young bad folks-in-training. Read more about how the search for extraterrestrial life and the search for planets are linked, the exoplanets and extremophiles that can be found all over the galaxy, and the weird and wonderful ways scientists think we (might) be able to travel around space.

At the Supervillain Academy, readers will learn about the solar system, galaxies, the universe, and, most importantly, the answer to the question "Are we really alone?". Perfect for fans of *Kay's Marvellous Medicine* and the *Horrible Histories* series, *Astrophysics for Supervillains: The Great Alien Hunt* is the second book of the Supervillain Academy series that will have curious kids keen to get to school on time!

THE AUTHOR

Dr Matt Bothwell is the public astronomer at the Institute of Astronomy, University of Cambridge. He has been a professional astronomer for 15 years. He currently runs the university's astronomy public engagement program, which involves visiting more than a hundred primary schools and children's libraries every year to talk about space, as well as running astronomy evenings.

Xtraordinary People

Kate Griggs

A necessary and educational narrative non-fiction read, that embraces the superpowers that dyslexic thinking brings

THE PITCH

- **HELPS DYSLEXIC CHILDREN REALISE THEIR OWN POTENTIAL:** Explains the categories of Xtraordinary People and demonstrates the exciting paths available for dyslexic thinkers
- **RESPECTED NAME IN DYSLEXIC THINKING:** Kate Griggs has been educating on dyslexia since 2004. Her charity, Made By Dyslexia, has 68.5k Instagram followers (Instagram, 09/24)
- **ONE IN FIVE CHILDREN DIAGNOSED WITH DYSLEXIA:** 10% of the UK population have Dyslexia, according to the British Dyslexia Association
- **CHARITY CAMPAIGN TRIUMPHS:** Made By Dyslexia's successes include 'dyslexic thinking' added as a LinkedIn skill and a noun to the dictionary

THE BOOK

Xtraordinary People is written by Kate Griggs, founder of the Dyslexic Thinking movement and charity, Made By Dyslexia.

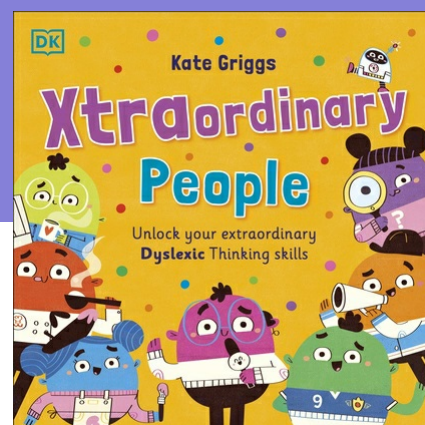

Dyslexic herself, Kate dedicates her life to teaching the world about dyslexic thinking. Dyslexic children have a diagnosis that tells them they're different, and this book is a comforting reminder that their differences are to be embraced, and their dreams are no less attainable than their peers.

Xtraordinary People highlights for children how their differences can help them go wherever they want to in life, with quotes from famous names with dyslexia, such as Kiera Knightley, Princess Beatrice, and Richard Branson. This book is crafted with love and science, and helps dyslexic children feel seen. Crucially, it shifts the narrative on dyslexia, and educates people on its strengths. It's a needed hug for dyslexic children everywhere.

THE AUTHOR

Kate Griggs is an award winning British social entrepreneur and the founder and CEO of Made By Dyslexia, a charity lead by famous and successful dyslexics. Launched in May 2017 this global charity aims to help the world properly understand, value and support dyslexia by developing campaign and tools which explain dyslexic thinking.

She is a leading voice in Global Dyslexia advocacy having spoken on television, radio and TEDx. In 2005 Griggs founded dyslexia charity Xtraordinary People which united the UK dyslexia charities. This charities leading high-profile campaign culminated in the UK government's Dyslexia Review. Griggs was given an award by former Prime Minister Gordon Brown in recognition of her campaigning work.

How the Earth Works

Discover How Plate Tectonics Shapes Our Planet

Dr. Lucia Perez Diaz

See below the surface of Earth and discover the secrets that lie beneath our feet

THE PITCH

- **EXCITING NEW AUTHOR-ILLUSTRATOR:** Geodynamicist Dr Lucia Perez-Diaz offers insight into her fascinating field, aided by her own beautiful illustrations and narrative text
- **UNIQUE EARTH ADVENTURE:** Covers past, present, and future of Earth - how it once looked, how tectonic plates work, and how continents might look in future
- **LINKS TO CURRICULUM:** Children learn about plate tectonics and how human actions and the climate affect these, all things which this book covers in detail
- **GAP IN THE MARKET:** Plate tectonics is an area of geology not usually covered in-depth in children's books

THE BOOK

Why do volcanoes erupt? What causes earthquakes? Why do we have continents? Unearth the answers to these fascinating questions.

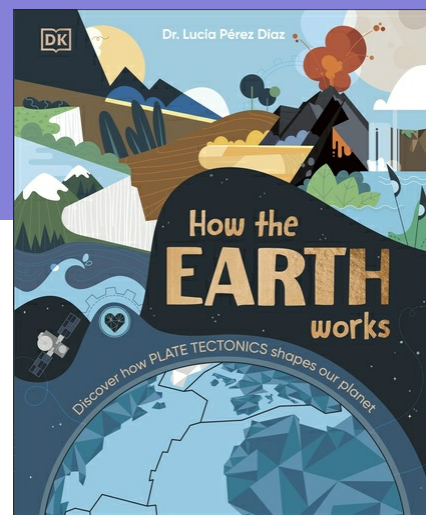

Author Dr. Lucía Pérez-Díaz offers budding young Earth scientists everything they need to decode the puzzle that is planet Earth. On a journey like no other, children will learn what our planet was once like, how and why it has changed, and what the future may hold. They will adventure through earthquakes and over towering mountains to learn about our landscapes and unlock clues to Earth's long history.

Following the science teaching technique of Ask, Observe, Explain, and Understand, How the Earth Works digs into all that happens beneath our feet in an accessible and lively manner. The pages of this book are charged with Dr. Lucía Pérez-Díaz's passion and expertise, as she helps us to explore the inner workings of our planet. Filled with dynamic illustrations, How the Earth Works takes on plate tectonics in a digestible and adventurous way that you absolutely don't want to miss!

This is the perfect book for curious children with an interest in the planet they live on and the world around them.

THE AUTHOR

Dr. Lucía Pérez-Díaz is an author-illustrator as well as an Earth scientist. She has spent most of her professional life researching what Earth looked like through time – which forms the basis of this reference title. Alongside this, science communication is paramount to Lucía. She has authored science pieces for online magazines, has taken part in science podcasts, and runs events for young people.

Satellites

Learn All About Satellites and Their Special Missions to Connect, Inform, and Protect All of US on Planet Earth

Kate Peridot

An informative and beautiful guide to satellites for children

THE PITCH

- **NEW STEM SERIES:** The start of a new series that combines space technology and earth science with elements of communication, conservation and exploration
- **STEM Education Focus:** This book supports STEM education, encouraging kids to explore careers in space and technology through relatable, age-appropriate content.
- **TOPICAL, EDUCATIONAL, AND PRACTICAL:** A refreshing new perspective for space and technology curriculum activities that also explains how everyday tech works
- **SATELLITES ARE VITAL TO OUR DAILY LIVES:** Our modern world cannot function without satellites – this first-of-its-kind book offers a definitive children's guide on the subject

THE BOOK

Look up into a clear night sky and soon enough, you'll see a dot of light zip past. It's not a shooting star, it's a satellite.

Every day, thousands of satellites orbit the Earth doing important jobs. Meet NOAA, Galileo, Aura, James Webb, and more, and find out about their special missions to connect, inform, and protect all of us on planet Earth.

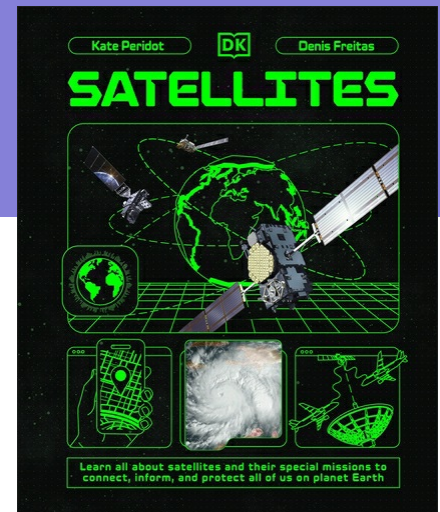

Satellites introduces children to smart satellite technology and the ways satellites monitor the planet's health and help us take action. The book uniquely combines Earth science and the latest space tech, and is designed to fascinate and reassure. It includes a multitude of news-related themes: climate change, deforestation, wildlife tracking, storm/fire warnings, exploration, space junk, and more. There has never been a better time to learn about our 'eyes in the sky'.

THE AUTHOR

Kate Peridot writes fiction and non-fiction, and likes to imaginatively blend the two to create immersive books. Kate hopes to inspire and prove to children that working in the space tech industry is not an impossible dream.

Good Night Stories for Rebel Girls (New Edition)

100+ Tales of Extraordinary Women

Elena Favilli, Francesca Cavallo

A contemporary classic, *Good Night Stories for Rebel Girls* reinvents fairy tales, inspiring girls with the stories of 100 heroic women

THE PITCH

- **BELOVED BRAND:** Since the 2017 release of *Good Night Stories for Rebel Girls*, Rebel Girls have sold over 11 million books, with a global brand reach of 35 million
- **NEW STORIES:** Taylor Swift, Greta Thunberg and Mary Earps are amongst the 22 new Rebel Girls to be added to this edition
- **INSPIRATIONAL:** The focus on the accomplishments of women and reinforcing resilience will uplift the 52% of 10-12 year olds that don't feel smart enough for their dream career (ROX)
- **DIVERSE:** This book features diverse subjects and creators, with 50% BIPOC, from over 40 countries, including Bolivia, Haiti, Niger, and more

THE BOOK

"My favourite part of Good Night Stories for Rebel Girls is how many extraordinary women Rebel Girls have opened up to me and my two daughters. There are so many women and girls who have inspired us. I am honoured to be a part of the Rebel Girls community."—Drew Barrymore, actress and entrepreneur

The *New York Times* bestseller is back with a brand-new, updated edition featuring 22 new stories written by best-selling author—and original Rebel Girl—Elena Favilli. With a new foreword from Melinda French Gates, philanthropist and founder.

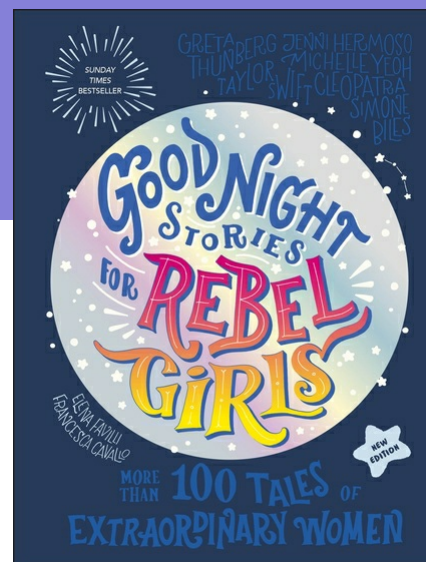

Good Night Stories for Rebel Girls (New Edition) features 110 empowering stories about women and girls who have done extraordinary things. Readers will marvel at the accomplishments of well-known women like Cleopatra, Amelia Earhart, Rosa Parks, Ruth Bader Ginsburg, and Frida Kahlo and they'll discover the powerful stories of Colombian spy Policarpa Salavarrieta, Afghani rapper Sonita Alizadeh, Sierra-Leonean ballerina Michaela dePrince, Mexican doctor Matilde Montoya, and American surgeon Mary Edwards Walker.

This revised edition will feature 22 new stories about women such as:

- Greta Thunberg, environmental activist
- Judy Blume, author
- Michelle Yeoh, actor
- Taylor Swift, singer
- Melanie Perkins, entrepreneur

Each story in this gifty collection is written in the signature Rebel Girls style of storytelling: a biographical, real-world fairy tale, where women are the heroes of their own stories.

Good Night Stories for Rebel Girls ignited a publishing movement when it was first published in 2016. The book is now published in 50 languages and found in more than 110+ countries.

A Kids Book About Sexual Abuse

Evelyn Yang

Knowledge is the best defense. Give your kids the tools to identify abuse and the language to defend their bodies.

THE BOOK

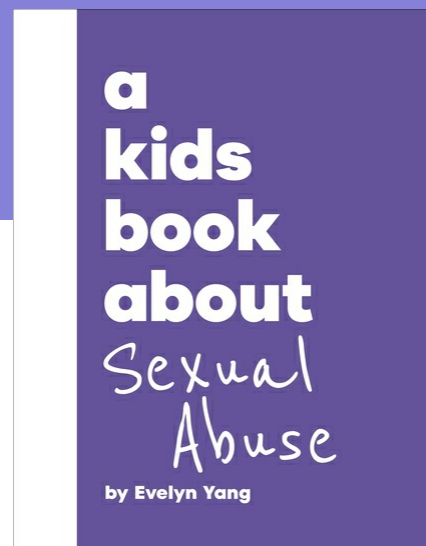

Some of the most difficult things to talk about are also the most important. Sexual abuse happens more often than people realize but most kids don't learn about it until after it happens. This book will help give them the language to understand what sexual abuse is and start the conversation around owning their bodies and trusting their instincts.

THE AUTHOR

Evelyn Yang (she/her) is a mom to 2 boys and an advocate for families. She is passionate about justice, neurodiversity, and food. Her platform and advocacy work have been an unexpected blessing after her husband ran for president. She still actively works on overcoming her own fears and uses her experiences to help people.

QUOTES

'...if you haven't come across the books, *A Kid's Book About...*, they're very clever. They basically distill quite complicated issues into very small amounts of text. And [...] leaves you that space for exploration and discussion.' Patrice Lawrence, writer-in-residence, *Book Trust*

A Little Book About Ideas

Dani Balenson

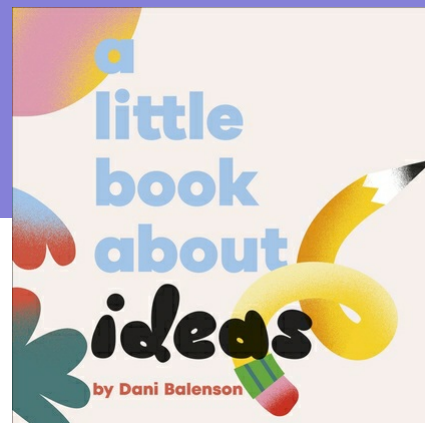

Help kids understand the power of ideas.

THE BOOK

Everything always starts with an idea—but what is an idea? What does it look like? How do they work? Well, open this little book and you just might find out.

THE AUTHOR

Dani Balenson (she/her) is a Brooklyn-based designer, drawer, and doer who gets excited about ideas of all sizes. She's constantly reminding herself that the first step to making anything come to life is to just start.

A Kids Book About Safety

Soraya Sutherland, in partnership with JUDY

This book empowers kids through a simple, step-by-step plan to keep them and their families safe during potential emergency situations.

THE BOOK

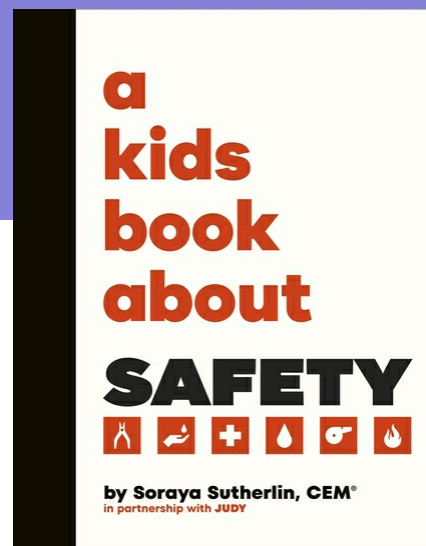

What would you do if an earthquake happened? How about a house fire? Or maybe a tornado? Emergency situations can be scary to think about, but we can feel confident and empowered in dangerous situations if we do one simple thing: be prepared! This book shows kids that by knowing what disasters could happen, and what to do if they occur, makes you ready and can even save lives.

THE AUTHOR

Soraya Sutherland is a Certified Emergency Manager with over 13 years of experience. She is a mother to 3 kids and works across the USA helping families, cities, and states better prepare for emergencies and disasters. She also works with JUDY, a leader in the emergency preparedness space, to help empower families with the knowledge and tools for disaster planning.

A Kids Book About Death

Taryn Schuelke

An open and honest conversation about death.

THE BOOK

This book dives right into the weighty topic that most adults prefer to avoid thinking or talking about: death. It explains the practical aspects and gracefully navigates the nuances of emotion and community that surround something we all experience.

THE AUTHOR

Taryn Schuelke (she/her), CT, CCLS, is the Grief and Bereavement Specialist on the Pediatric Palliative Care Team at Texas Children's Hospital. She is certified in thanatology—death, dying, and bereavement—and a certified child life specialist. She thinks caring for children at the end of their life is a great honor and immensely sacred work.

A Kids Book About Consent

Karli Johnson

Asking for and offering consent is a daily practice—start today!

THE BOOK

Are you ready to learn about consent? (If the answer is no, we'll wait until you're ready!). Consent is a 2-way conversation that always starts with a question. And it's something you ask for, and grant or deny, every single time. Learn what consent is and what it's not, and even practice it yourself! And once you start, never stop asking. It's fun!

THE AUTHOR

Karli Johnson M.S.Ed. (she/they) is a queer, disabled, single mom and international educator/advocate who loves cats, costumes, and dancing. Host of the "Ask For It" podcast, Karli is teaching the world to ask for consent!

A Kids Book About AI Bias

Avriel Epps

Learn how AI technology can utilize human-created biases, and what we can do to create a more fair, just world.

THE BOOK

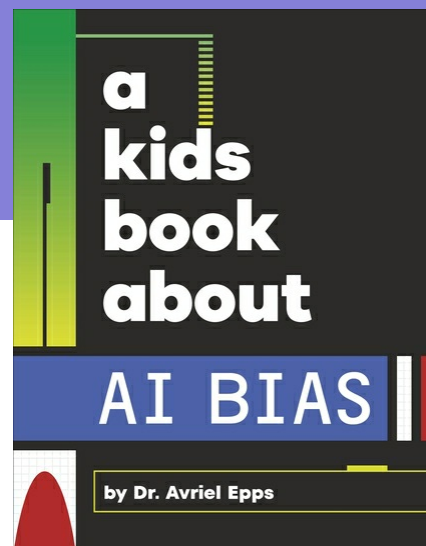

This is a book about AI (artificial intelligence) bias. AI consumes lots of information and uses that data to predict patterns. But when the information has biases, or prejudices, the predicted patterns can perpetuate injustice. If AI technology doesn't work fairly for everyone, it's not helpful AI. We can make a difference when we use our voices to advocate for fair, just technologies.

A Kids Book About Tests

Missi Thurman

Tests exist to help teachers learn more about their students so they can work together toward success!

THE BOOK

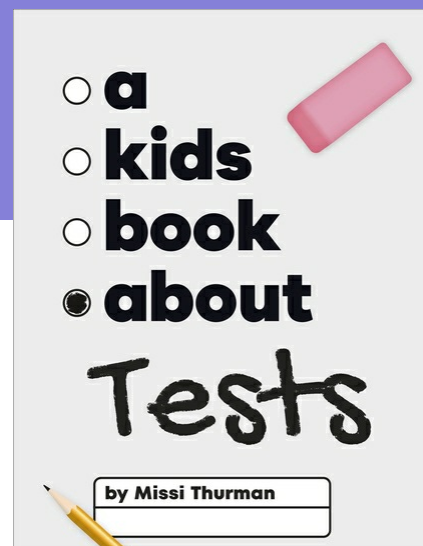

Testing has changed a lot over the years, and that's a good thing! Today, tests (or assessments) exist to help teachers support kids by learning what each kid knows, and importantly, where attention is needed for better understanding. This book was written to break down myths about testing and provide a window to the role of teachers in helping each and every kid!

THE AUTHOR

Missi Thurman (she/her), an education consultant based in Portland, Oregon, champions teacher teamwork and has a nerd-level passion for data-driven instruction. Her company, Educational Excellence, advocates for students and strives to help educators meet their increasingly diverse needs. She cherishes time with her husband and the ever-growing number of kids who join their home.

A Kids Book About White Privilege

Ben Sand

What white privilege is and how to use privilege for good.

THE BOOK

We've neglected the topic of white privilege for too long. This book directly addresses the myth that all kids start from the same spot. White kids growing up today can see their privilege and learn how to use it for good. And maybe—just maybe—learn how to give it up.

THE AUTHOR

Ben (he/him) is a social entrepreneur who is convinced we can bust through the tension if we think differently and act with courage. Ben leads an organization called The Contingent, which is building a movement of people trained for action: www.thecontingent.org.

A Kids Book About God

Paul J. Pastor

This book helps to ask questions about God no matter what you believe.

THE BOOK

Who is God? Where do I go when I die? Is God even real? This book answers none of these questions, but it asks them all! It is a thoughtful book that enforces no views but stresses the importance of a healthy dialogue, curiosity, love, and wonder.

THE AUTHOR

Paul J. Pastor (he/him) is a writer, editor, and wilderness lover who lives in the woods near Portland, Oregon, with his wife and 3 kids. His award-winning writing on Christian spirituality is widely recognized for its beauty and insight. He loves good questions (especially ones about God), big stories, and the holy wonder of living.

A Kids Book About Body Hair

Georgina Gooley

Learn more about body hair and normalize the conversation around it.

THE BOOK

If you look closely, you'll find hair almost everywhere on your body. Some hair is thin, some thick, some dark, some light. And guess what? It's all totally normal! We don't get to choose if and when we grow body hair, but it's our choice what to do with it. Whether you remove it or let it grow long, all that matters is that you make the choices that feel right for you!

THE AUTHOR

Georgina Gooley (she/her) is the co-founder of Billie, a razor company that celebrates body hair and champions womankind. She dedicates this book to her daughters, so they can grow up loving their bodies, hair and all.

A Kids Book About Neurodiversity

Laura Petix

An informative and engaging introduction to neurodiversity, designed to help start conversations.

THE PITCH

- **AUTHOR EXPERIENCE:** Laura is a pediatric occupational therapist who guides kids (and grownups) in understanding their nervous systems and sensory processing abilities
- **APPROACHABLE & CHILD-FRIENDLY:** Type-driven design allows kids freedom to imagine themselves in the pages with friendly, approachable, and kid-appropriate tone throughout
- **DIVERSE & INCLUSIVE STORYTELLING:** A Kids Co. was born with a mission to empower a generation of kids through diverse storytelling. The series features an incredible group of authors who are experts or have first-hand experience of the topic
- **BEST-SELLING SERIES:** Over 500,000 books sold globally across the collection, with a podcast named 'Apple Podcasts Best of 2021'; Listenership across 132 countries

THE BOOK

Neurodiversity makes our world beautiful and is worthy of celebrating!

Everything we do is because of the ways our brains work, and everyone's brain is different. Seriously! But our world doesn't operate in a way that is accepting of each brain type. Neurodiversity is what makes our world beautiful, and this author teaches us the importance of celebrating the unique ways in which our brains help us learn, feel, and experience life!

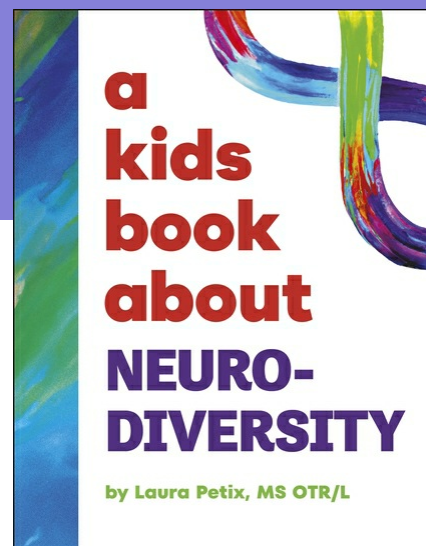

Meet A Kids Co., a new kind of media company with a collection of beautifully designed books that kickstart challenging, empowering, and important conversations for kids and their grownups.

THE AUTHOR

Laura Petix, MS OTR/L (she/her), is a southern Californian, Disney-loving Enneagram 6, pediatric OT, and mom to a neurodivergent daughter. She dedicates her life's work to teaching people about the way that sensory processing impacts learning and behavior.

The world's favourite pocket travel guides

Make the most of your trip to the Algarve with this Top 10 guide. Planning is a breeze with our simple lists of ten, covering the very best that the Algarve has to offer and ensuring that you don't miss a thing. Best of all, the pocket-friendly format is light and easily portable; the perfect companion while out and about.

Inside this guide to the Algarve, you'll find:

- Top 10 lists of the Algarve's must-sees and must-dos, including wandering around Faro's Old Town, visiting the riverside town of Tavira and cycling through Parque Natural da Ria Formosa
- The Algarve's most interesting areas, with the best places for sightseeing, food and drink, and shopping
- Themed lists, including the best museums, hikes, beaches, wineries, local dishes and much more
- Brand-new itineraries, perfect for a day trip, a weekend or a week
- A laminated pull-out map of the Algarve, plus four full-colour area maps

DK's Top 10 travel guides have been helping travellers to make the most of their breaks since 2002.
